Downloads

This report ranks the popularity of all Downloads on your site by number of Hits (requests) and relative percentage. A Download is determined by the file extension and Urchin's configuration settings. In general, Downloads includes archives, executables, PDFs, and other non-image/non-HTML documents.

Notes

To filter (include or exclude) on a certain item, enter its name or part of it, click the + or - button, and press the enter key. To graph any item over time, click the corresponding  icon at the right side of the screen.
